

Project ID	Туре	Project Description	Preliminary Recommendation	Total Project Cost
1	Intersection	Mount Vernon Road at Ashford Dunwoody Road/Trailridge Way: Add an additional left turn lane to Mount Vernon Road westbound, add an additional through lane to Mount Vernon Road eastbound, and add an additional right turn lane to Ashford Dunwoody Road northbound	Y	\$1,125,000
2a	Intersection	Tilly Mill Road at North Peachtree Road: Add a right turn lane to Tilly Mill Road eastbound	N	\$500,000
2b	Intersection	Tilly Mill Road at North Peachtree Road & Peeler Road: Three Lane Tilly Mill Road north of North Peachtree Road. Realign Peeeler Road and, North Peachtree Road, and Tilly Mill Road to intersect.	N	Too much.
2c	Intersection	Tilly Mill Road at North Peachtree Road: Install a roundabout at North Peachtree Road and Tilly Mill Road, and extend a second lane north on Tilly Mill Road to match exising three-lane section from Cherring Drive north.	Y	\$1,500,000
3	Intersection	Womack Road at Vermack Road: Signalize or install a roundabout	Y	\$1,000,000
4	Intersection	Chamblee Dunwoody Road at Peeler Road/North Shallowford Road: Add a second left turn lane to Chamblee Dunwoody Road northbound, add an additional left turn lane to Chamblee Dunwoody Road sounthbound add a right turn lane to Chamblee Dunwoody Road northbound, and add a second northbound through lane on Chamblee Dunwoody Road from Peeler to Vermack	Y	\$1,575,000
5	Intersection	Vermack Road at Parliament Road/Old Village Run: Relocate overhead utility and landscape to improve sight distance	Y	TBD
6a	Intersection	Mount Vernon Road at Nandina Lane: Prohibit left turns and convert Nandina Lane to one-way (southbound)	N	\$650,000
7	Intersection	Mount Vernon Road & Chamblee Dunwoody Road at Nandina Lane: Convert access to Nandina Lane to right in/right out. Nandina Lane remains two way	Y	\$500,000
8	Intersection	Mount Vernon Road at Chamblee Dunwoody Road: Add an additional left turn lane to Mt. Vernon Rd eastbound, Add an additional left turn lane to Mt. Vernon Rd westbound, and Add an additional through lane to Chamblee Dunwoody Rd southbound	N	\$1,200,000
9	Intersection	Mount Vernon Road at Chamblee Dunwoody Road: Install roundabout and convert Mount Vernon Road to a 2 lane section with turning lanes	N	\$750,000
10a	Intersection	Mount Vernon Road at Tilly Mill Road: Install roundabout	Y	\$750,000
10b	Intersection	Mount Vernon Road at Jett Ferry Road: Install roundabout	Y	\$750,000
10c	Intersection	Mount Vernon Road at Dunwoody Club Drive: Install roundabout	Y	\$750,000
11a	Intersection	Mount Vernon Road at Mount Vernon Place: Prohibit left turn movements from Mount Vernon Place to Mount Vernon Road westbound. In conjunction with improvement at Mount Vernon Road and Tilly Mill Road.	Y	\$500
11b	Intersection	Tilly Mill Road at Mount Vernon Place: Realign Mount Vernon Place to form a T intersection with Tilly Mill Road	Y	TBD
11c	Intersection	Mount Vernon Road at Tilly Mill Road: Change existing left/through to left only and existing right only to shared through/right	Y	\$200,000
12	Intersection	Chamblee Dunwoody Road at Cotillian Drive: Restripe lanes utilization to improve capacity	Y	\$10,000
13	Intersection	Chamblee Dunwoody Road at Spalding Drive: Reconfigure intersection to increase safety (see three concepts under consideration)	Y	\$750,000
14	Widen	Widen Roberts Drive between Chamblee Dunwoody Road and Spalding Drive from 2 to 4 lanes	N	\$5,740,000
15	Widen	Widen Peeler Road between Happy Hollow Road and Winters Chapel Road from 2 to 4 lanes	N	\$3,080,000
16	Widen	Widen Winters Chapel Road between Dunwoody Club Drive and Peachtree Industrial Boulevard from 2 to 4 lanes	N	\$7,040,000
17a	Widen	Widen Mount Vernon Road between Chamblee Dunwoody Road and Dunwoody Club Drive from 2 to 4 lanes	N	\$9,400,000
17b	Center Turn Lane	Add center turn lane and 6' sidewalks with a 2' buffer to Mount Vernon Road between Chamblee Dunwoody Road and Dunwoody Club Drive	Y	\$6,100,000
17c	Intersection	Instead of 17a or 17b, improve all key intersections along Mount Vernon Road. Projects 9a through 9c as well as Mount Vernon Road at Jett Ferry Road.	N	\$3,750,000
18	Center Turn Lane	Add center turn lane to North Peachtree Road between North Forrest Trail and Peachford Road	Y	\$1,100,000
19	Center Turn Lane	Add center turn lane to Tilly Mill Road between existing three lane section north of Peeler Road and Peachtree Industrial Boulevard	Y	\$2,200,000
20	Extension	Extend Ashford Center Parkway from Chamblee Dunwoody Road to Dunwoody Village Parkway. New location 4 lane roadway	Y	\$5,800,000
21	New Location Roadway	New street connection between Ravinia Parkway and Perimeter Center East New location 2 lane roadway	Y	\$1,600,000
22	New Location Roadway	New street connection between Chamblee Dunwoody Road and Dunwoody Village Parkway New location roadway per Dunwoody Village Master Plan.	Y	\$2,700,000
23	New Location Roadway	New street connection between Asbury Square and Ashford Parkway New location 2 lane roadway	Y	\$600,000

Project ID	Туре	Project Description	Preliminary Recommendation	Total Project Cost
24	ATMS/ITS Corridors	Automated Traffic Management Systems and Intelligent Transportation Systems implementation in the Chamblee Dunwoody Road, North Shallowford Road, and North Peachtree Road corridors: Signal timing, controller upgrades, and signal interconnection	Y	\$3,000,000
25	Bicycle/ Pedestrian	New path connection between Old Spring House Lane and Perimeter Center East Multi-use trail	Y	\$550,000
26	Bicycle/ Pedestrian	Surrounding subdivisions to Dunwoody Village: Venon North Drive to Village Parkway, Meadow Creek Drive to Dunwoody Village Parkway, Hidden Branches Circle to Dunwoody Village Shopping Center, Trailridge Way to Dunwoody Village Shopping Center	Y	TBD
27	Bicycle/ Pedestrian	Subdivision connections: Waterford Swim & Tennis to Kingsly Swim & Tennis, Kingston Court to Heatherdale Lane, Kingsland Drive to New Peachtree Way.	Y	TBD
28	Bicycle/ Pedestrian	New path connection between Ridgeview Road (North) and Ridgeview Road (South) Multi-use trail along Dunwoody Gables Drive	Y	\$1,100,000
29	Bicycle/ Pedestrian	New path connection between Ashwood Parkway and Wal*Mart Shopping Center Multi-use trail	Y	\$550,000
30	Bicycle/ Pedestrian	Includes either on-street bike lane or path adjacent to the roadway: Mt. Vernon Road, Chamblee- Dunwoody Road, Perimeter Center West, Roberts Drive, Spalding Drive, Pitts Road, Perimeter Center Parkway, North Shallowford Road	Y	TBD
31	Bicycle/ Pedestrian	Includes signed bike route and/or sharrows: New Peachtree Road, Tilly Mill Road, Peachford Road, Old Spring House Lane, Dunwoody Park, new street connection from North Shallowford Road to Dunwoody Park, Dunwoody Village Parkway, extension of Ashford Center Parkway, Perimeter Center East, Valley View Road, Meadow Lane Road, new street connection between Meadow Lane Road and Valley View Road, Vermack Road, Peeler Road, Happy Hollow Road, Womack Road.	Y	TBD
32	Bicycle/ Pedestrian	New path connection between Peachford Road and Womack Road Multi-use trail to incorporate results of Georgetown Master Plan	Y	\$0
33	Bicycle/ Pedestrian	New path connection between Old Spring House Lane and Nancy Creek Trail/DeKalb County trail system	Y	\$500,000
34	Bicycle/ Pedestrian	Mount Vernon Road at North Peachtree Road: Add crosswalk and refuge island	Y	\$100,000
35	Bicycle/ Pedestrian	Potential new path connection along pipeline easement between DeKalb County Water Works and the county line/Gwinnett County trail system. Only built if Gwinnett County builds a trail that connects with it.	Y	\$1,500,000
36	Bicycle/ Pedestrian	New bicycle route along Valley View Road and Ashford Gables Drive between Chamblee Dunwoody Road and the new path connection between Ridgeview Road (North) and Ridgeview Road (South)	Y	\$500,000
37	Transit	Intracity transit shuttle connecting Dunwoody Village to Central Perimeter and the Dunwoody MARTA Station	Y	TBD
38	Alternative Transport	Develop an ordinance regarding operation of alternative vehicles (e.g. golf carts) on city streets.	Y	TBD
39	Study	Dunwoody Village Traffic Study	Y	\$150,000
40	Study	Conduct detailed study of utility easement as potential trail facility, consistent with recommendations from the City's Parks and Greenspace Comprehensive Plan	Y	\$100,000
