

IWQ 15-10 Construction Testing and Inspection on the Tilly Mill Road at North Peachtree Road Intersection Improvement Project

1. BACKGROUND

The project consists of water main replacement, storm drain improvements, grading, sidewalk construction and paving at Tilly Mill Road and North Peachtree Road. Unless otherwise specified, all work shall be completed in accordance with the engineering plans prepared by Gresham Smith and the current edition of the Georgia Department of Transportation Standard Specifications and Supplemental Specifications. The construction plans can be accessed at the following link: <https://dunwoodyga.sharefile.com/d-s8d7fdcd9e244f9ab>

2. GENERAL SCOPE OF WORK

The scope of services will consist of providing a lead technician or engineer with a GDOT Roadway Testing Technician certification to perform construction materials testing including density testing of backfill, subgrade inspections, concrete testing and observation and testing of asphalt placement. Periodically an engineer will be required for proofrolling and footing evaluations. Testing and inspections will be conducted in accordance with the Georgia Department of Transportation's standard specifications.

The project is expected to begin January 4th, 2016 and continue through December 2016. The technician will be expected to be on site full time during backfill, grading and asphalt operations with periodic visits for subgrade and rebar inspections, footing evaluations and concrete testing.

3. PROPOSAL FORMAT

The cost proposal should be submitted in a letter format that describes the assumptions made in estimating the man hours and test quantities. In addition to the cost estimate a schedule of fees should be provided. The proposal should identify the primary personnel that would be assigned to the project and provide their qualifications including certifications and relevant experience.

Proposals are due by 2:00 pm, on Thursday, December 10, 2015.

Proposal must be addressed as follows:
