

RFP 15-13

Addendum 1

Questions & Answers

Boundary Maps

Questions & Answers

1. In the meeting yesterday you said that boundaries would be e-mailed out, I have yet to get them. Thanks. Also if awarded contract and things need to be purchased, do we go through procurements or buy things and bill later? On the fields @ the middle school (4664 N. Peachtree) is it just the fields or are the school grounds included? And at that same property are the dirt fields next to the big field included?

The boundary maps will answer most of these questions. The city will purchase all consumable items such as cleaning supplies, fertilizer, pesticides etc. the vendor is responsible for all equipment and tools and fuel.

2. It is stated in the RFP that there are to be 11 people in the parks and no less than 2 people on the r-o-w three days per week, and that those two people cannot take away from the park staff. Brent mentioned that the total amount of people for both departments was 11, but the way I read the RFP it should be 13? Can you please clarify the minimum number of staff the City will require.

Total of 13.

3. For the two days / wk of cutting the athletic fields, does the City require reel or rotary mowers?

No preference.

4. Will the 2 man POW maintenance crew be a part of the required 11 crewman minimum or is it in addition to the 11 crewman?

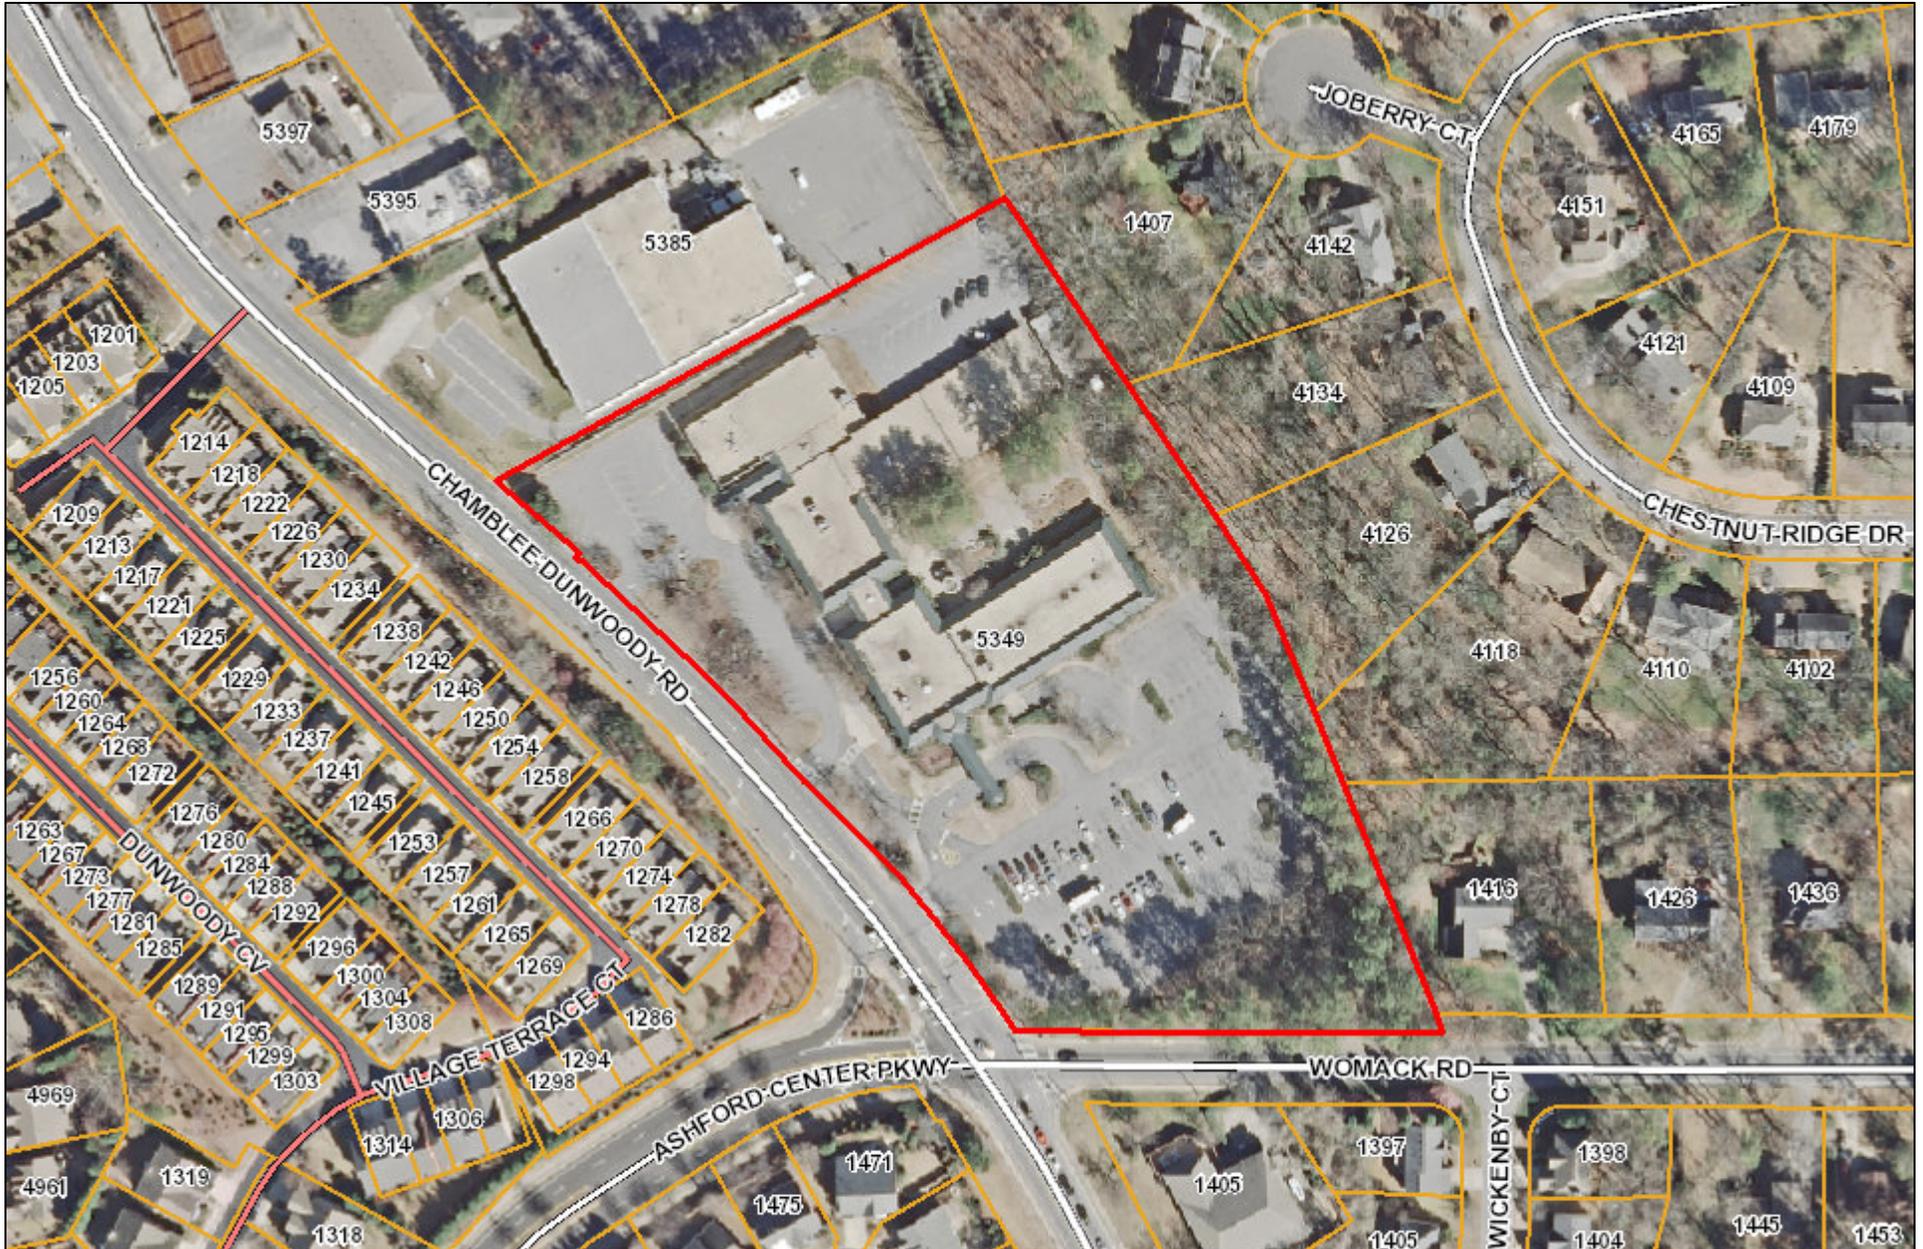

It is in addition to the 11 crewman.

5. Boundary Maps attached.
