

EMERGENCY ORDINANCE OF THE MAYOR AND COUNCIL OF THE CITY OF DUNWOODY, GEORGIA, UNDER SECTION 1.03 OF THE CHARTER OF THE CITY OF DUNWOODY, GEORGIA, DECLARING LOCAL EMERGENCY OF THE NOVEL CORONAVIRUS DISEASE 2019 GLOBAL PANDEMIC, REQUIRING THE USE OF MASKS OR FACE COVERINGS IN PUBLIC DURING THE COVID-19 OUTBREAK, AND FOR OTHER PURPOSES

AN ORDINANCE BY THE MAYOR AND COUNCIL

WHEREAS, the World Health Organization declared COVID-19 a worldwide pandemic as of March 11, 2020;

WHEREAS, on March 13, 2020, President Donald Trump declared a national emergency in response to the outbreak of COVID-19;

WHEREAS, on March 14, 2020, Governor Brian Kemp declared that a public health emergency exists in the State of Georgia due to the spread of COVID-19 within Georgia;

WHEREAS, a significant number of Georgia residents are at risk of serious health complications, including death, from COVID-19;

WHEREAS, a large number of persons with serious infections can compromise the ability of the healthcare system to deliver necessary care to the public;

WHEREAS, individuals diagnosed with COVID-19 have been known to experience long-term health effects following recovery from acute COVID-19 symptoms;

WHEREAS, COVID-19 is a respiratory illness, transmitted through person-to-person contact or by contact with surfaces contaminated with the virus and persons infected with COVID-19 may become symptomatic two to fourteen days after exposure;

WHEREAS, asymptomatic (including presymptomatic) infected persons are known to be infectious and, without mitigation many infections occur from individuals without symptoms;

WHEREAS, respiratory droplets, including aerosols, from infected persons are a major mode of COVID-19 transmission. This understanding is the basis of the recommendations for physical distancing, and of the personal protective equipment guidance for healthcare workers. Droplets do not only come from coughing or sneezing; droplets are also generated via talking and breathing;

WHEREAS, evidence indicates that the use of face coverings reduces the transmissibility per contact by reducing transmission of infected droplets in both laboratory and clinical contexts. Public face covering wearing is most effective at stopping the spread of the virus when compliance is high. This evidence supports the conclusion that the adoption of more widespread face covering requirements can help to control the COVID-19 epidemic by reducing the shedding of droplets into the environment from asymptomatic and symptomatic individuals;

WHEREAS, evidence from the South Carolina Department of Health and Environmental Control announced on August 12, 2020, that parts of the State of South Carolina under public mask-wearing mandates registered a 46.3% drop in coronavirus cases in the four weeks after they were introduced as compared to areas of the state which did not impose such mandates;

WHEREAS, evidence from data from the State of Alabama shows a 11% drop in COVID-19 cases in the four weeks since that state's mask mandate went into effect;

WHEREAS, according to a Vanderbilt University study, hospitals in the State of Tennessee where at least 75% of patients came from mask-mandate counties reported hospitalizations rising by only 30% since July 1, 2020, as compared to a rise of 200% in the same time period when 75% or more of patients came from counties without mask mandates in the State of Tennessee;

WHEREAS, the Governor also has repeatedly and strenuously urged Georgians to adopt a practice that is simple but highly effective at preventing the spread of COVID-19: wearing a face covering or mask when in public;

WHEREAS, specifically, Governor Kemp, through Executive Order 05.12.20.02 and subsequent Executive Orders, has recommended that individuals wear facial coverings over the nose and mouth to mitigate the spread of COVID-19 when they are in public places where they cannot practice social distancing (i.e., staying at least six feet away from other individuals who do not share the same household);

WHEREAS, in early July, Governor Kemp embarked on a statewide "Wear a Mask Tour" flying to numerous Georgia cities to publicly emphasize the need for Georgians to wear masks;

WHEREAS, on July 6, 2020, Governor Kemp introduced the "Georgia Safety Promise," a safety campaign to remind Georgia businesses and the public of following COVID-19 safety guidelines, including wearing face coverings;

WHEREAS, guidelines published by the U.S. Centers for Disease Control (CDC) recommend that all people wear cloth face coverings in public settings where other physical distancing measures may be difficult to maintain. The CDC also advises the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others;

WHEREAS, the White House Coronavirus Task Force has repeatedly called for the wearing of masks to be mandatory in the State of Georgia;

WHEREAS, decreased transmissibility due to face covering use could substantially reduce the number of illnesses, hospitalization, and deaths and reduce the negative economic impact of the COVID-19 pandemic and the cost of the intervention of mandating the wearing of masks is extremely low;

WHEREAS, O.C.G.A. § 38-3-28(a) grants political subdivisions the power to supplement the Governor's Executive Orders so long as such actions are consistent with the Governor's Orders;

WHEREAS, this Ordinance is intended to be entered with due regard to the widely accepted, scientifically proven uniform principle that masks or facial coverings will slow the spread of COVID-19;

WHEREAS, pursuant to O.C.G.A. § 38-3-51, the Governor's declared public health emergency authorizes the City Commission to use emergency powers in O.C.G.A. §§ 38-3-1 through 38-3-64;

WHEREAS, pursuant to O.C.G.A. § 38-3-6, during an emergency, O.C.G.A. §§ 38-3-1 through 38-3-64 are supposed to be liberally construed to effectuate their purposes;

WHEREAS, on August 15, 2020, Governor Kemp issued Executive Order 08.15.20.01 which specifically offers guidelines for local government mask mandates;

WHEREAS, the United States Supreme Court has previously held that "[u]pon the principle of self-defense, of paramount necessity, a community has the right to protect itself against an epidemic of disease which threatens the safety of its members;"

WHEREAS, the following actions related to requiring facial coverings in public are necessary and appropriate to balance the public's interest in not being unduly burdened with the compelling public interest of providing for the health, safety and welfare of the residents of the City;

WHEREAS, the goal of this Ordinance is to increase the usage of facial coverings and masks and not revenue generation; and

NOW, THEREFORE, BE IT ORDAINED that for the protection of members of the public, facial coverings or masks shall be required within the City to slow the spread of COVID-19 as follows:

SECTION 1.

- (a) The provisions of this Ordinance shall only be enforced when the prevalence of confirmed cases of COVID-19 in DeKalb County over the previous fourteen (14) days is equal to or greater than one hundred (100) cases per one hundred thousand (100,000) people according to the Georgia Department of Public Health.
